

DONATING TO EHC FROM YOUR IRA

Dear ,

Did you know that you can make a charitable contribution to EHC through your IRA? That's right, and if you're 70.5 or older, there are some added tax benefits to making your "Qualified Charitable Distribution" in this way.

Current tax law allows you to fulfill your **required minimum distribution** (the amount you must withdraw from your IRA each year) without impacting your taxable income; in other words, you can complete your withdrawal as a direct donation to your charity of choice without that gift counting as income. That's even better than the benefits of making a standard charitable contribution.

There are other advantages too:

- It allows you to support EHC's work to ensure clean air and a safe environment for all
- It minimizes your tax obligation at the federal and state level
- It may keep you in a lower tax bracket.

How to make a contribution through your IRA:

Contact your financial adviser and request that a "Qualified Charitable Distribution" be made directly to Environmental Health Coalition.

- Make sure that your gift is identified with your name, address, and intention to use it as a 2018 IRA Qualified Charitable Distribution.
- Make sure to list our name as "Environmental Health Coalition," our address as 2727 Hoover Avenue, Suite 202, National City, CA 91950, and our EIN# as 95-3798792
- Complete the transaction before December 31, 2018 for consideration in 2018 tax filings.

If You Have Questions: Please give me a call at (619) 773-2132 or send me an [e-mail](#).

Sincerely,
Giuliana Schroeder
Individual Giving Director
