

## Thank you for standing with us in 2018

Thank you for another year of your unwavering support for healthy and safe communities for all people to live, work and play. This gift is not easily wrapped or put under a tree, **but it remains the most important gift of all.**

Every dollar you give to our holiday fundraising campaign gets us one step closer to our vision of clean air for all. Our goal is to reach our match challenge of \$ 25,000 - **will you help us?**

The best way to give to EHC is to become a Sustainability Circle Member for \$ 25 a month. Your recurring gift provides our grassroots teams with the time, funds and dependability to bring justice to the lives of hundreds of families in our region.

## Thank you for joining us during 2018

Thank you for another year of unwavering support for healthy and safe communities where everyone can live, work and spread. This is not an easy gift wrap and put under the tree, and **not yet remains the most important gift of all.**

Every dollar you donate to our year-end fundraising campaign brings us one step closer to our vision of clean air for all. Our goal is to reach our MATCH of \$ 25,000 dollars, **do we have your help to achieve it?**

La mejor forma de donar a EHC es con una Membresía en el Círculo de Sustentabilidad por \$25 dólares al mes. Su donativo recurrente aporta a nuestros equipos comunitarios el tiempo, los fondos, y la fiabilidad necesarios para integrar justicia a las vidas de cientos de familias en nuestra región.

Dé el regalo de justicia ambiental hoy mismo

Gracias por su empoderar nuestra labor. Felices fiestas de parte de todos y todas nosotros(as) quienes formamos parte de EHC.
