

G-1510-253782 - Environmental Health Coalition | The Kresge Foundation

National City, Calif.

\$660,000

Awarded

Awarded:

2015

The coalition is a leader in advancing public policies and legal ordinances that protect public health and the environment from toxic pollution in Southern California. This three-year grant supports the coalition's efforts to ensure the interests of low-income neighborhoods are represented in climate adaptation and resilience planning in the San Diego area.
