

Session VIII: Advocacy

Ok, whew! There is so much to remember from SALTA, but I do need to know my city council rep and my mayor... they are _____

Actually, they would be really great to meet with about the _____

_____ that we are working with my CAT. Or even better we could perhaps meet with _____

All this talk about planning for the community really got me thinking, one thing I would like to see in my community is _____

It would be so great if we had _____

_____ to support our issue of _____

_____ and maybe even _____

_____ to support it!

I better write all this down!
