

**We need change.**

Our public transit system in San Diego does not meet my community's needs.

As a resident of City Heights, I relied on public transit to get me around the region. To get from City Heights to National City - roughly six thousand - I have to spend \$ 5 and more than 1.5 hours traveling.

**The time for change is now. And change must start here, in our communities.**

With your donation to EHC, you can help San Diego to prioritize funding to increase bus routes, quality service, public transit, affordability and pedestrian and bike safety infrastructure in communities like mine.

Every dollar you give today brings us closer to better public transit. **Will you help us reach our [match challenge of \\$ 25,000](#) ?**

**Give now to improve transit in our communities**
